A NOTE FROM THE FOUNDER

A LETTER, BEFORE *everything else.*

Dear Friend,

When we sat down together — over coCee, over dinner, on a call that ran long because we both wanted it to — and you said yes, even informally, to thinking about being part of this, we crossed a line that means something specific. You're not on a marketing list. You're not a number on a deck slide. You're someone I know, personally, and someone we believe would carry the weight of being a founding investor at the moment Music Habitat became real.

There are **thirty-five seats** in the Circle 35. We could have made it fifty. We could have made it a hundred. We chose thirty-five because anything larger stops being friends and family. Anything larger stops being the people who knew us before there was a company to know.

This package contains everything you need to make an informed decision: the legal documents your counsel will review, the terms of what we're offering, the operational steps that take you from interest to closing, and the artifacts you'll receive as a *Guardian of the Stage*. Read it. Ask anything. Take your time. We are not in a hurry, and you should not be either.

These thirty-five of you are not investors in the conventional sense. You are the people whose names will be inscribed on the first thirty-five Guardian badges. You are the people I will call first, every time, when something matters. You are the people for whom the door of Music Habitat will never close.

I am grateful you opened this. Let's build something worth being early on.

01 · THE JOURNEY AT A GLANCE

NINE STEPS, *three weeks.*

Most Guardians move from initial review to closing within two to three weeks. Each step has a clear owner, a clear deliverable, and a clear next move. There is nothing here that should surprise you.

STEP 01

Introduction & Pre-Qualification

Confirmation of the pre-existing substantive relationship required under Rule 506(b). You and Brandon already know each other — this is a documentation step, not a vetting step.

DAY 0 · Owner: Brandon Beard

STEP 02

Receive the Offering Package

The full set of seven documents — Executive Summary, Pitch Deck, Term Sheet, Stock Purchase Agreement, Subscription Agreement, Stockholders' Agreement, Operating Agreement — delivered together.

DAY 0 · Delivered with this document

STEP 03

Q&A with Leadership

A direct conversation with Brandon — and any of the executive team you'd like to meet — to discuss product, market, team, and terms. Nothing off-limits.

DAY 1-3 · Scheduled at your pace

STEP 04

Counsel Review

Your attorney reviews the Stock Purchase Agreement, Subscription Agreement, Stockholders' Agreement, and Operating Agreement. We respond to any clarifying questions from counsel in writing.

DAY 3-10 · Your timeline

Sign the Subscription Agreement and Investor Questionnaire, returning both. This is the formal commitment document confirming your participation.

DAY 10-12 · DocuSign / Carta

STEP 06

Execute the Stock Purchase & Stockholders' Agreement

Sign the Stock Purchase Agreement and the Stockholders' Agreement. The purchase becomes binding upon execution by both parties and receipt of funds.

DAY 12-14 · DocuSign / Carta

STEP 07

Wire Funds

Per wire instructions provided separately. Investment amount as specified in your executed Subscription Agreement. Funds are held in a Music Habitat operating account.

I PHASE ONE · STEPS 1-3 · DAY 0-3 *Introduction & review*

01 *Introduction & Pre-Qualification*

What happens. Brandon confirms in writing that you and Music Habitat have a pre-existing, substantive relationship — the eligibility threshold under Rule 506(b) of Regulation D. This is the documentation of a relationship that already exists.

What you do. Nothing. The pre-existing relationship is already established by the conversation that led to your receipt of this package.

What you receive. A short confirmation email noting the relationship origin and timeline. This is for our records under 506(b) compliance.

02 *Receive the Offering Package*

What happens. You receive seven documents together: (1) the Friends & Family Raise Package (this document); (2) the Executive Summary · F&F Round; (3) the F&F Pitch Deck; (4) the Term Sheet; (5) the Stock Purchase Agreement; (6) the Subscription Agreement & Investor Questionnaire; (7) the Stockholders' Agreement; and (8) the Operating Agreement.

What you do. Read at your own pace. There is no deadline imposed by us at this stage. Most Guardians complete a first read within forty-eight hours; counsel review typically begins thereafter.

What you receive. A single email with the complete package attached, plus links to the same documents on Carta for execution later.

03 *Q&A with Leadership*

What happens. A direct conversation between you and the founder, scheduled at your convenience. If you'd like to meet the broader executive team — Bruce (CTO), Jessica (CVO), Michael Garvin (CAO), Ben (COO) — we will arrange it. There is no topic off-limits.

What you do. Bring your questions. Bring your counsel if you'd like. Ask about product, market, competition, financial assumptions, team, governance, exit thinking — anything.

What you receive. Time, focus, and direct answers. If a question requires follow-up or additional documentation, we will deliver it within forty-eight hours.

Counsel review & commitment

04 *Counsel Review*

What happens. Your attorney reviews the four binding documents: the Subscription Agreement & Investor Questionnaire, the Stock Purchase Agreement, the Stockholders' Agreement, and the Operating Agreement. The Operating Agreement is provided for transparency — it governs Music Habitat's internal affairs and your rights as a Class B shareholder.

What you do. Engage counsel of your choice. We do not require you to use any particular firm. If you would like a list of attorneys who have reviewed our documents before, we can provide names — there is no preferred relationship and no referral fee.

What you receive. Direct, written responses from Music Habitat to any clarifying questions counsel raises. We aim to turn around questions within forty-eight business hours.

05 *Sign the Subscription Agreement*

What happens. You sign the Subscription Agreement and complete the Investor Questionnaire. This is the formal commitment document confirming the amount of your investment, your contact information, and your representations as an investor.

What you do. Sign electronically via DocuSign or directly within Carta. The Investor Questionnaire takes approximately ten minutes to complete and asks standard accreditation and contact questions.

What you receive. A signed PDF copy of the executed Subscription Agreement and a confirmation email. Music Habitat countersigns within 24 hours.

06 *Execute the Stock Purchase & Stockholders' Agreement*

What happens. You sign the Stock Purchase Agreement (the purchase contract for your Class B Preferred Shares) and the Stockholders' Agreement (which governs your rights and obligations as a shareholder). Both become binding upon execution by both parties and receipt of your wire (Step 7).

What you do. Sign both documents electronically. The Stockholders' Agreement is the same document signed by every Class B holder — it is not negotiated bilaterally and ensures parity among all Guardians of the Circle 35.

What you receive. Signed PDF copies. Both will live in your Carta investor portal for permanent access.

PHASE THREE · STEPS 7-8 · DAY 14-18

07 *Wire Funds*

What happens. You wire your investment amount to the Music Habitat operating account using the wire instructions provided to you separately. Wire instructions are sent in a dedicated, signed email — never embedded in this document, never sent through unencrypted channels — and always come directly from brandon@musichabitat.com.

What you do. Verify wire instructions by voice call with Brandon before initiating the transfer. This is non-negotiable — wire fraud is the single most common form of investment-related fraud, and a 60-second phone call to confirm account numbers protects both of us.

What you receive. Confirmation of receipt within 24 hours of funds clearing. We will email you the moment the wire arrives.

08 *Close · Stock Issued · Carta Updated*

What happens. Upon receipt of your wire, the Stock Purchase Agreement is countersigned by Music Habitat and dated. Your Class B Preferred Shares are issued in your name at \$1.00 per share, against the \$10,000,000 pre-money valuation. The cap table on Carta is updated within 24 hours to reflect your position. You officially become a Class B Preferred shareholder.

What you do. Nothing further at this step. Sit back. Your Carta investor portal is now active and you can view your position at any time.

What you receive. A confirmation email from Brandon. Full executed Stock Purchase Agreement in your Carta portal. Cap table entry reflecting your Class B Preferred Share position. You are now in Music Habitat's founding capital structure — the only remaining step is the ceremonial recognition of that status in Phase IV.

PHASE FOUR · STEP 9 · DAY 18-25

Welcome to the Circle 35

09 Receive Your Guardian Badge · Welcome to the Circle 35

What happens. Your serialized Guardian Badge is issued. Your serial — № I through № XXXV — is assigned in the order your purchase closed. The badge is delivered in three forms simultaneously: a digital badge embedded permanently in your Music Habitat platform profile; a high-resolution PNG file emailed for your personal use (email signatures, online profiles); and a foil-stamped print on cotton stock, mailed in a wax-sealed envelope with a hand-written cover note from Brandon.

What you do. Open the envelope.

What you receive — beyond the badge itself. Founder's Lounge access (quarterly virtual gatherings with Brandon and rotating artists). Guaranteed presale access for any StageBid show in your city. Annual Guardians Dinner invitation. Direct text-line access to the founder for matters worth a direct text-line. A standing invitation to Music Habitat events. And on the platform, a permanent VIP designation on your profile, visible to every artist and venue you interact with.

WHEN DOES THE STOCK CERTIFICATE ARRIVE?

Your shares are issued at closing.

This is a priced round. The Class B Preferred Shares you purchase are issued in your name at the moment your Stock Purchase Agreement is countersigned and your wire is received. There is no conversion event, no future trigger, no waiting.

The cap table on Carta reflects your position within twenty-four hours. The formal **Stock Certificate** — the ceremonial artifact bearing your Guardian serial — is generated, signed by Brandon and Ben Herrera (Corporate Secretary), and mailed shortly after closing.

The certificate is the second ceremonial artifact. See Page 8 for what to expect.

02 · THE PATH FORWARD

YOUR STOCK CERTIFICATE *and warrant.*

At closing, your Class B Preferred Shares are issued. Your Stock Certificate is the ceremonial artifact that represents them — the second physical mark of your Guardian status, paired forever with your Guardian Badge serial.

A Stock Issuance at Closing

The terms of your investment. Your Stock Purchase Agreement reflects the F&F priced round at a \$10,000,000 pre-money valuation, with 10,000,000 shares declared across all classes (Class A, Class B, Class C). Your purchase price is fixed at \$1.00 per share.

What happens at close. Upon receipt of your wire and countersignature of the Stock Purchase Agreement, your Class B Preferred Shares are issued in your name. The cap table on Carta is updated within twenty-four hours. There is no conversion event to wait for — the shares are yours from the moment of closing.

B Stock Certificate Issuance

What happens. Following closing, your Stock Certificate — the formal ceremonial document — is generated, signed by Brandon and Ben Herrera (Corporate Secretary), and mailed in a flat archival envelope.

The certificate is a permanent artifact. The Guardian Badge embedded at the top of the certificate carries your same serial number. The certificate number and the badge number are paired and immutable: Cert № XVII contains Badge № XVII. There is no second issuance, no replacement; the certificate is yours, by name, forever.

TRIGGER	ISSUANCE	FORMAT
Wire received & countersigned	Within 30 days of close	Paper + Carta digital

C Warrant Exercise (Optional)

As an F&F investor, you also hold a Warrant to purchase up to 3× your Purchased Shares at 95% of FMV, exercisable within nine (9) months of grant. Exercise of the Warrant produces an additional Stock Certificate for those shares. The Warrant is governed by the Warrant Agreement and is independent of the closing mechanics described above — it represents the additional upside reserved exclusively for the Circle 35.
