ARTICLE I

Definitions, plainly stated.

This Simple Agreement for Future Equity (this “SAFE” or “Agreement”) is entered into as of the date set forth on the signature page (the “Effective Date”), by and between Music Habitat Corp. a Montana corporation (the “Company”), and the investor identified on the signature page (the “Investor”). This SAFE is offered exclusively to accredited investors whose status has been verified under Rule 501 of Regulation D, pursuant to the exemption provided by Rule 506(c). The following terms shall have the meanings set forth below:

“SAFE Amount” means The investment amount contributed by the Investor on the signature page, no less than \$2,500.00 (2,000 shares at the cap). The maximum is determined by allocation at the issuer’s discretion.

“Qualified Financing” means The next sale by the Company of equity securities in a bona fide financing transaction with aggregate gross proceeds of no less than \$1,000,000.00, excluding proceeds from this SAFE or any other SAFE issued in this Private Raise.

“Conversion Trigger” means The first to occur of: (i) a Qualified Financing of at least \$1,000,000.00; (ii) the Company achieving gross revenues of at least \$500,000.00; or (iii) the Company reaching at least 100,000 registered users. Upon the earliest of these events, this SAFE converts as provided in Article II.

“Conversion Price” means The lower of: (i) the Discount Price; or (ii) the Valuation Cap Price.

“Discount Price” means 95% of the price per share paid by investors in the Qualified Financing (a 5% discount).

“Valuation Cap Price” means The price per share equal to \$12,500,000.00 divided by the Company’s fully diluted capitalization immediately prior to closing. The Company has currently declared 10,000,000 authorized shares, implying \$1.25 per share at the cap.

“Conversion Shares” means The Class B Preferred Shares issued upon conversion of this SAFE.

“Change of Control” means A transaction in which any person or group acquires more than 50% of voting power, or a sale of all or substantially all assets.

“Dissolution Event” means Voluntary or involuntary liquidation, dissolution, winding up, or assignment for creditor benefit.

“MFN Event” means Issuance of any SAFE or convertible to another Private Raise or seed investor on materially more favorable terms.

ARTICLE II

Investment & Conversion

2.1 Investment

The Investor hereby contributes the SAFE Amount to the Company in exchange for the rights described in this Agreement.

2.2 Automatic Conversion Upon Trigger

Immediately upon the earliest Conversion Trigger to occur — a Qualified Financing of at least \$1,000,000, gross revenues of at least \$500,000, or 100,000 registered users — this SAFE shall automatically convert into Class B Preferred Shares equal to the SAFE Amount divided by the Conversion Price. The Company shall deliver written notice and issue Conversion Shares within ten (10) business days of the triggering event.

2.3 Conversion Price Illustration

Example: Investor contributes \$5,000. Company has 10,000,000 shares declared at \$1.25/share. Company closes a Qualified Financing at \$1.875/share. Discount Price = \$1.78125. Valuation Cap Price = \$1.25 (the lower). Investor receives 4,000 Class B Preferred Shares.

2.4 Change of Control Prior to Conversion

Upon a Change of Control prior to conversion, the Investor shall elect within ten (10) business days: (i) cash payment equal to the SAFE Amount; or (ii) Class B shares equal to the SAFE Amount divided by the Valuation Cap Price. Failure to elect defaults to (i).

2.5 Dissolution Event Prior to Conversion

Upon a Dissolution Event prior to conversion, the Investor shall be entitled to receive payment equal to the SAFE Amount, senior to Common Shares but subordinate to all creditors. Pro-rata if insufficient assets.

2.6 No Expiration; No Interest

This SAFE does not expire, bears no interest, and has no maturity date. The Company has no obligation to repay the SAFE Amount except as expressly provided in Sections 2.4 and 2.5.

ARTICLE III

Class B Share Rights

Upon conversion, the Investor shall hold Class B Preferred Shares with the following rights, in lockstep with Class A Founders Shares:

- **Voting:** 1:1 per share. Class B votes with Class A as a single class.
- **Economics:** Pari passu with Class A Founders Shares — in economic lockstep with the Founder & CEO.
- **Information Rights:** Quarterly financials within 45 days; annual within 90 days.
- **Preemptive Rights:** Pro-rata on new equity issuances, subject to standard carve-outs.
- **Tag-Along:** Pro-rata participation if any Class A holder sells to a third party.
- **Drag-Along:** Obligation to participate in a Board-approved Change of Control.
- **Dilution:** 100% dilutable in future financings, option pools, and warrant exercises.
- **Recognition:** Guardians of the Stage badge and perks — non-economic recognition only.

ARTICLE IV

The Warrant, granted separately.

Simultaneously with this SAFE, the Company shall issue to the Investor a Warrant to purchase up to two times (2×) the number of Conversion Shares at an exercise price equal to 95% of Fair Market Value, exercisable within nine (9) months of the Grant Date, subject to the separate Warrant Agreement.

Important Notice: The Warrant expires nine (9) months from the Grant Date. If a Conversion Trigger has not occurred by that date, the Warrant will expire before conversion occurs. Investors should weigh the timeline relative to the anticipated next financing.

ARTICLE V
